Subject: Unrecognized Millenium City Marathon 2018

Dear All,

This is to inform you that Athletics Federation of India has not granted the permission for Millenium City Marathon to be held on 2nd December 2018 at Gurugram (Haryana).

In this regard, some athletes have approached Athletics Federation of India with a query about the 'Status' of Millenium City Marathon 2018. They have been informed that Millenium City Marathon is not recognized by Athletics Federation of India nor by IAAF.

You are strongly advised to skip this unrecognized Marathon as Athletics Federation of India is unsure regarding the rules & regulations to be applied for the Marathon. AFI is also concerned regarding the safety of all participants as AFI officials are not part of this unrecognized Marathon.

This is for your information and necessary action please.

Regards,

Yours sincerely,

CK Valson
Secretary, AFI
