NOTIFICATION

With regard to OVERAGE cases in various age group competitions of AFI, it is decided by AFI that:

1- Athletes who are found overage in any competition WILL NOT be allowed to participate in that competition and any result achieved by him/her will be REMOVED from the record of that competition.

2- After Medical Examination:

a) Athletes who have gone through the medical examination for the determination of correct age on the direction of AFI, will be ALLOWED to participate in the next competition depending upon the result of the medical test.

b) An athlete WILL BE ALLOWED to participate in an age group that will be determined on the basis of the medical examination report. For example, if an athlete is found overage in a U14 age group and his/her age is determined as between 15 to 16 years, then such athlete can compete in the U18 category but not in the U16 category and so on.

Ravinder Chaudhry
(Secretary AFI)
