Circular No. 39-07/2023

Date: August 02, 2023

To

All Affiliated District Units

Copy to: All Affiliated State Units - AFI

Dear President/Secretary

As you are aware it is the endeavour of AFI to strengthen its District Associations. In this regard, we would like to ensure that we have adequate number of District Technical Officials (DTOs) and Pre Level 1 Coaches, to activate activities in their districts and become self-reliant in terms of conducting the Athletics competition, as well as providing qualified coaches to the talented athletes at their door steps across the country.

In this regard, AFI has made a lot of effort on a continuous basis by conducting DTO and Pre Level 1 Coaches Examination. However, it is noticed that very few districts showed interest by the poor number of candidates who appeared in these Examinations. As informed earlier, you need to involve former athletes in your districts, physical education teachers and all those who have interest in Track & Field in your District Association and persuade them to become District Technical Officials or District Level Coaches.

AFI is continuously monitoring all the district activities and is going to make it mandatory that every district should have adequate number of Technical Officials and Coaches, if we want to grow at faster pace to win more medals at the World level. AFI, will very shortly, announce the date of these examinations, so that adequate number of DTOs and District Level Coaches can be provided an opportunity to appear for the examinations. If you are unable to cooperate at this time, AFI will consider that you are not fulfilling proper activities at the district level and hence, appropriate action as per AFI Constitution will be taken.

We look forward to have your cooperation.

Regards,

Dr. Adille Sumariwalla
President, AFI
