Subject: Issuance of Digital Merit Certificates

Dear Colleagues,

It is proposed that the merit certificates of all the Athletics Competitions being conducted by AFI should be issued digitally in place of physical certificates. It is proposed due to the following reasons:

1. It has been observed that number of certificates are returned to AFI Office undelivered due to the discrepancies in the address given by the athletes or non-availability of athletes particular address since they are training at different locations.
2. Number of times the athletes have to travel and come to AFI for collecting their certificates in case of urgent requirement.
3. It will also mitigate the chances of misplacement/damage of the certificates
4. Issuance of digital certificates will also save lot of time of the athletes since it will enable the athletes to download their certificates whenever they need the same.
5. It will be easy for AFI to verify the certificates whenever any request is received from any concerned departments/authorities.

You are requested to kindly give your consent and tick mark () in the box as per attachment.

Your reply must reach the undersigned within seven days..

Regards,

Ravinder Chaudhry
